### TO-247

G = Gate, C = Collector, E = Emitter, TAB = Collector

## Features

- Moderate frequency IGBT
- New generation HDMOS<sup>™</sup> process
- International standard package JEDEC TO-247
- High peak current handling capability

## **Applications**

- PFC circuit
- AC motor speed control
- DC servo and robot drives
- Switch-mode and resonant-mode power supplies

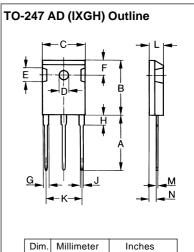

#### **Advantages**

- · Fast switching speed
- High power density
